

Shaw-Pezzo & Associates Inc.

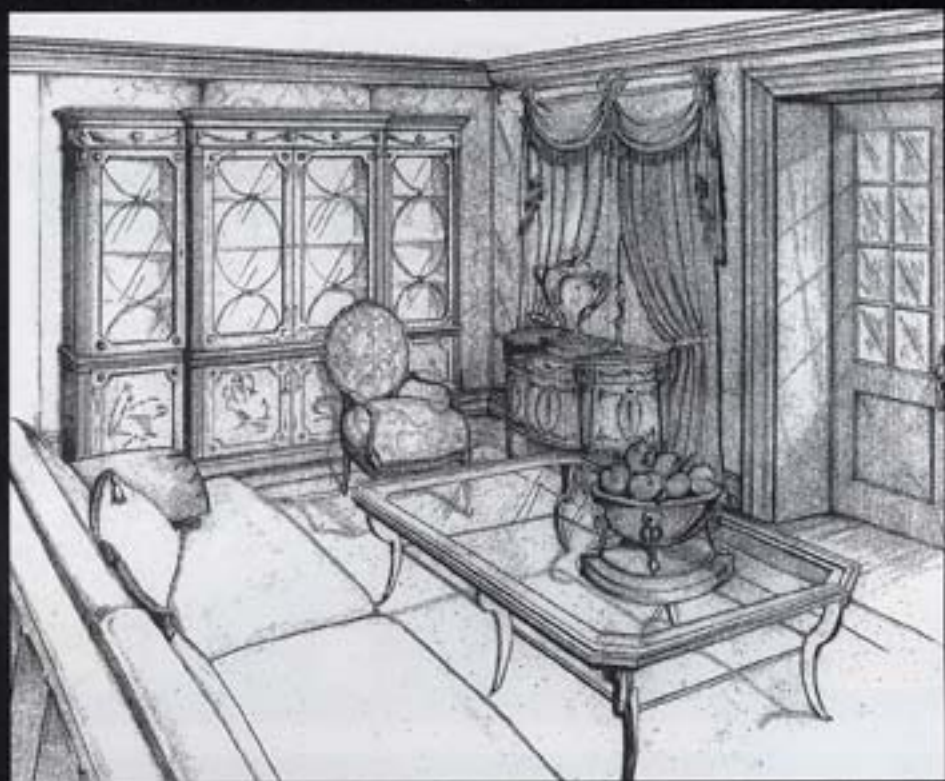

Nick Pezzo and Wally Shaw

Nick Pezzo, Wally Shaw

Shaw-Pezzo has been a well-known establishment in Toronto's design community for almost two decades. A solid background and knowledge of period detail is evident in their selection of exquisitely handcrafted classical and decorative furnishings and accessories. Their overall purpose is to supply the very best in terms of craftsmanship, quality and authenticity. As they move into the 21st century, Shaw and Pezzo will endeavour to continue their tradition of distinction.

RECEPTION HALL

"At Graydon Hall the classic Shaw-Pezzo design philosophy is illustrated in the upstairs reception hall. Comfort, opulence and the overall room function have been taken into consideration in bringing this lifesize jewel box to life. For the duration of the showcase, the room set-up explores the lifestyle and eclectic tastes of a family that would typically inhabit a grand home such as Graydon Hall. The choice of interior finishes plays well against the selected furnishings. The integration of classic furniture styles, a Shaw-Pezzo hallmark, is showcased in this stately residence. Our mission is to indulge the onlooker with a visual feast — delicately handpainted furniture juxtaposed with exquisitely carved pieces, upholstery, and various one-of-a-kind objets d'art — all exclusively available through our showroom."

Tip: Spaces with commanding architectural detail are best complemented by a palette of jewel tones and neutrals, with classic furnishings as anchor pieces.
